With athletics springing into high gear, we have had lots of questions about mouthguards. Dr.Pratt says with braces you already have extra protection for your teeth, but you may want protection for your lips. When you purchase the mouthguard, trim it to fit your mouth but do not heat it. If you heat it, the mouthguard may not fit for very long because we are moving your teeth with the braces. For more information, feel free to ask one of Dr.Pratt's friendly assistants!!!

Our Movie Pass Winner Was:

Manuel A.

You can enter our monthly drawing by
coming to your appointment with
nothing broken on your braces!!
